

Monthly Safety Meeting

We're in for a treat this month. John McMurray (FAASTeam Representative, retired US Air Force pilot and Red Baron Aerobatic Team pilot, and currently a Sheppard AFB simulator instructor/CFII/MEII/CFIG) has prepared a program entitled "It's The Elevator, Stupid: All you need to know about stalls and AOA." As always with John, we will see lots of cartoons and technical slides to help make everything pleasantly palatable and understandable. Wings credit will be assigned to attendees.

Directions: Drive to 1801 9th St, Wichita Falls (Lubys Cafeteria).

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
